PaySpan Health can rapidly transition you into the world of electronic payments and automated reconciliation, greatly reducing your paper work. PaySpan Health offers providers a complete solution for claim payment management. Using PaySpan Health, you can route EFTs to the bank account(s) of your choice, manage multiple payers, choose how you want to receive remittance details, easily re-associate payments with claims, and take advantage of claim and remittance retrieval and reporting.

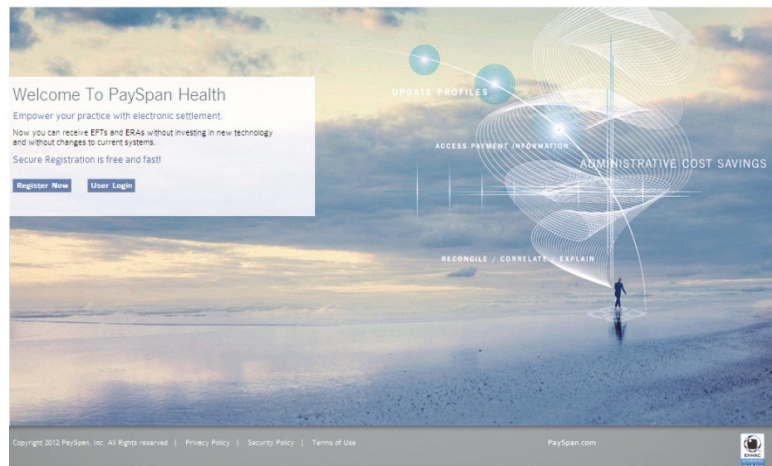

PaySpan

Getting Started is Easy!

The process starts with an invitation from a payer that includes a registration code. You may obtain this code from PaySpan once you are fully contracted and loaded in to the NH Healthy Families System. Armed with this code, you can pursue an online enrollment process that will only take 5-10 minutes to complete. During this enrollment process, you will set up a profile of your practice, specify bank accounts (multiple accounts if you desire), and specify other preferences for management of checks, EFTs, ERAs, or online presentment of claim payment information.
