### Durable Medical Equipment Options

January 30, 2024

NH Healthy Families aims to enhance awareness among providers by actively reaching out to ensure that both providers and vendors comprehend the array of options available to members. It is your responsibility to educate members about these alternatives. By doing so, we can ensure that the most suitable Durable Medical Equipment (DME) supplies are prescribed, tailored to meet the distinctive needs of each member. We are confident that this proactive outreach and educational effort will effectively address raised concerns and ultimately ensure our members understand the options aligned with their individual requirements.

Thank you for your continued partnership and care you provide our members. Please contact Provider Services at 1-866-769-3085 with any additional questions.

Sincerely,

NH Healthy Families
