Effective Date: 09/17
Last Review Date: 08/17
Line of Business: Medicaid

See Important Reminder at the end of this policy for important regulatory and legal information.

Description
Buprenorphine-naloxone (Suboxone®, Bunavail®, and Zubsolv®) is a partial opioid agonist.

FDA approved indication
Suboxone, Bunavail, and Zubsolv are indicated for the treatment of opioid dependence.

Policy/Criteria
Provider must submit documentation (which may include office chart notes and lab results) supporting that member has met all approval criteria

It is the policy of health plans affiliated with Centene Corporation® that Suboxone, Bunavail, and Zubsolv/generic Subutex are medically necessary when the following criteria are met:

I. Initial Approval Criteria
   A. Buprenorphine/naloxone film (Suboxone) Opioid Dependence (must meet all):
      1. Diagnosis of opioid dependence;
      2. Age ≥ 16 years;
      3. Prescriber has an “X” DEA number (DATA2000 waiver);
      4. Member will participate in drug abuse counseling program while on therapy;
      5. Random urine drug screens will be obtained while on therapy;
      6. If request is for buprenorphine/naloxone (Suboxone) sublingual tablets, Bunavail, or Zubsolv, documented clinically significant adverse effects or contraindications to buprenorphine/naloxone (Suboxone) film;
      7. Dose does not exceed the FDA approved maximum recommended dose for the requested agent.
   
I. Approval duration: 12 months

   B. Non-PDL buprenorphine/naloxone tablet/film (Zubsolv, Bunavail, generic buprenorphine/naloxone) (must meet all):
      1. Diagnosis of opioid dependence;
      2. Age ≥ 16 years;
      3. Prescriber has an “X” DEA number (DATA2000 waiver);
      4. Member will participate in drug abuse counseling program while on therapy;
      5. Random urine drug screens will be obtained while on therapy;
      6. Contraindication or intolerance to Suboxone film;
      7. Prescribed dose does not exceed the FDA approved dose and health plan approved daily quantity limit for the requested agent.

   Approval duration: 12 months
CLINICAL POLICY
Buprenorphine-Naloxone

Approval duration: 12 months

C.B. Other diagnoses/indications
1. Refer to CP.PMN.53 if diagnosis is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized).

II. Continued Therapy (must meet all):
A. Opioid Dependence
1. Member is currently receiving this medication via Centene benefit or member has previously met initial approval criteria;
2. Evidence of adherence to buprenorphine/naloxone or buprenorphine per pharmacy claims records as evidenced by pharmacy claims history;
3. One of the following conditions is met (a or b):
   a. Member has NOT received an opioid analgesic since last approval;
   b. Prescriber submits documentation acknowledging that the use of opioid during the last approval was due to legitimate diagnosis of pain;
4. Submission of at least TWO negative random urine drug screens since last approval;
5. Documentation of participation in a drug abuse counseling program since last approval;
5.7. If request is for a dose increase, new dose does not exceed the FDA approved maximum recommended dose for the requested agent must be submitted.

Approval duration: 12 months

B. Other diagnoses/indications (must meet 1 or 2):
1. Currently receiving medication via health plan benefit and documentation supports positive response to therapy; or
2. Refer to CP.PMN.53 if diagnosis is NOT specifically listed under section III (Diagnoses/Indications for which coverage is NOT authorized)

Approval duration: Duration of request or 12 months (whichever is less)

III. Diagnoses/Indications for which coverage is NOT authorized:
A. Pain management:
   A.B. Non-FDA approved indications, which are not addressed in this policy, unless there is sufficient documentation of efficacy and safety according to the off label use policy – CP.PMN.53 or evidence of coverage documents

Important Reminder

This clinical policy has been developed by appropriately experienced and licensed health care professionals based on a review and consideration of currently available generally accepted standards of medical practice; peer-reviewed medical literature; government agency/program approval status; evidence-based guidelines and positions of leading national health professional organizations; views of physicians practicing in relevant clinical areas affected by this clinical policy; and other available clinical information. The Health Plan makes no representations and accepts no liability with respect to the content of any external information used or relied upon in developing this clinical policy. This clinical policy is consistent with standards of medical practice current at the time that this clinical policy was approved. “Health Plan” means a health plan that has adopted this clinical policy and that is operated or administered, in whole or in part, by Centene Management Company, LLC, or any of such health plan’s affiliates, as applicable.

The purpose of this clinical policy is to provide a guide to medical necessity, which is a component of the guidelines used to assist in making coverage decisions and administering benefits. It does not constitute a contract or guarantee regarding payment or results. Coverage decisions and the administration of benefits are subject to all terms, conditions, exclusions and limitations of the coverage documents (e.g., evidence of coverage, certificate of coverage, policy, contract of insurance, etc.), as well as to state and federal requirements and applicable Health Plan-level administrative policies and procedures.

This clinical policy is effective as of the date determined by the Health Plan. The date of posting may not be the effective date of this clinical policy. This clinical policy may be subject to applicable legal and regulatory requirements relating to provider notification. If there is a discrepancy between the effective date of this clinical policy and any applicable legal or regulatory
requirement, the requirements of law and regulation shall govern. The Health Plan retains the right to change, amend or withdraw this clinical policy, and additional clinical policies may be developed and adopted as needed, at any time.

This clinical policy does not constitute medical advice, medical treatment or medical care. It is not intended to dictate to providers how to practice medicine. Providers are expected to exercise professional medical judgment in providing the most appropriate care, and are solely responsible for the medical advice and treatment of members. This clinical policy is not intended to recommend treatment for members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.

Providers referred to in this clinical policy are independent contractors who exercise independent judgment and over whom the Health Plan has no control or right of control. Providers are not agents or employees of the Health Plan.

This clinical policy is the property of the Health Plan. Unauthorized copying, use, and distribution of this clinical policy or any information contained herein are strictly prohibited. Providers, members and their representatives are bound to the terms and conditions expressed herein through the terms of their contracts. Where no such contract exists, providers, members and their representatives agree to be bound by such terms and conditions by providing services to members and/or submitting claims for payment for such services.

Note: For Medicaid members, when state Medicaid coverage provisions conflict with the coverage provisions in this clinical policy, state Medicaid coverage provisions take precedence. Please refer to the state Medicaid manual for any coverage provisions pertaining to this clinical policy.
