More than **\$1,200** in food gift cards for those in need

More than **\$1,000** in diapers and formula for babies

Online Resources

- For members [here](#)
- For providers [here](#)
- Youth education [here](#)

- **5,000** pieces of PPE to providers
- Distribution of **Community Care Kits** with PPE to families in the North Country and Monadnock Region
- **Weekly shipments** of non-perishable food and household items to New Hampshire resource centers, shelters and food pantries

"We would like to thank NH Healthy Families for thinking of us during this difficult time. Their donation of PPE was much appreciated as PPE shortage continues around the country."

Genesis Health Care Corporation, Concord, NH

"NH Healthy Families has provided valuable assistance at a time of great need. Their actions reflect a true commitment to the well-being of New Hampshire Families."

Ken Gordon, CEO, Coos County Family Health Services, Berlin, NH

NH Healthy Families donated food, diapers, and other items to our agency in a time of need. The items were immediately distributed out to families and we are so grateful for their thoughtfulness! We also partnered with them for their Green to Go mobile pantry which provided fresh fruits and vegetables to families and this was a huge success! Thank you NH Healthy Families for all that you do to support households throughout New Hampshire!

Beth Daniels, COO, Southwestern Community Services, Keene, NH

"We are so thankful for partners like NH Healthy Families. During these last few months, they have been exceptional with their support in helping to keep our essential programs running. From a very generous monetary donation to meeting our program needs with requests for diapers, bags, socks, you name it. When we call, they answer."

Lauren Bombardier, Corporate Relations and Events Manager, Families In Transition-New Horizons, Manchester, NH
