

Behavioral Health Provider Training

Our provider training program is designed to enhance the knowledge, skills and performance of healthcare professionals who empower our members to make positive healthy behavior changes. We offer a variety of courses, at no cost, to support continuing education and enhance integrated care. Participants may be able to earn continuing education credits and certificates of attendance for meeting licensing requirements. We routinely update and add new trainings to our catalog so be sure to check out all that we have to offer!

NEW AND UPCOMING TRAINING:

Goal Setting and Documentation: The SMART Format for Writing Treatment Plans (2.5 CEUs)

Tuesday, July 22, 2025 10:00 AM - 12:30 PM EDT

In this presentation participants will learn why strong documentation is important, the importance of connecting documentation and medical necessity criteria. Participants will acquire skills related to how this can be accomplished using SMART format. Participants will also be provided with opportunities to apply what they have learned via hypothetical case examples.

Behavioral Health Screening Tools for Providers (2.5 CEUs)

Thursday, July 31, 2025 1:00 PM - 4:00 PM EDT

This training is composed of evidence based validated Integrated screening tools used to evaluate persons at risk for substance use disorders, behavioral health illness and possible co-morbidities. These evidenced based tools can be used across multiple physical health, substance use and behavioral health domains utilizing integrated care practices for screening BH and co-morbidities.

Ethics for Mental Health Professionals (3 CEUs)

Wednesday, August 27, 2025 10:00 AM - 1:00 PM EDT

Learn how to use multiple codes of ethics for ethical decision-making, the ethical issues that may arise, and how to apply their knowledge with case scenarios. Participants will also reflect on their level of acculturation as an ethical professional.
