

Behavioral Health Access and Availability Survey Seeking your Feedback!

May 27, 2026

NH Healthy Families invites you to complete a brief 5–10-minute survey on your practice's access and availability, as defined by the NH Department of Health and Human Services.

Your feedback helps ensure our members, your patients, have timely access to care and that our network meets required standards.

Take the survey:

If you have questions, please contact your Provider Engagement Account Manager.

Thank you for your partnership,
NH Healthy Families
